Learning, Teaching and Assessment Committee

Terms of Reference 2009-2010

The Learning, Teaching and Assessment Committee (LTAC) reports to Academic Board and is responsible for:

- promoting and enhancing quality learning and teaching in all disciplines across the College;
- ensuring effective implementation of College learning and teaching strategies and supporting academic departments in the design and implementation of local learning and teaching strategies;
- reviewing and benchmarking e-learning and the provision of learning technologies;
- enhancing quality of off-campus teaching and learning;
- ensuring compliance with the Professional Standards Framework for Teaching and Supporting Learning in HE;
- monitoring teaching quality initiatives;
- facilitating and co-ordinating bids from the College for external funding to promote teaching, learning and assessment from relevant bodies, including HEFCE, HEA and the Leadership Foundation;
- promoting integration of key skills, employability and the academic curriculum;
- promoting the integration of research, scholarship, learning and teaching;
- promoting and encouraging innovation, best practice and sharing of experience in learning, teaching, assessment and evaluation and facilitating dissemination across the College;
- supporting innovations in teaching, learning and assessment;
- supporting enhancement of learning and teaching environments;
- supporting development of staff through accreditation of teaching skills;
- approving, developing, monitoring and evaluating College programmes in Academic Practice for probationary and established staff, in accordance with requirements of the Higher Education Academy
