Scope

2. The Code of Student Discipline applies to any person defined as a student or associate student of the College in accordance with Ordinance D1. This includes students who are interrupting study or resitting out of attendance but remain registered with the College.

3. The Code of Student Discipline applies to any action of misconduct whether it takes place on or off the College premises. The Code also applies to actions that are electronic and occur in a virtual environment or through other communication technology methods such as mobile phones.

Responsibility and authority

4. The Principal is responsible to the Council for the management of the College, which includes student conduct and discipline.

5. The Principal normally delegates his/her authority for making decisions that discharge his/her responsibility for student discipline and the operation of this Code to other officers or members of staff of the College.

6. The Principal’s delegations are as detailed below. In all cases, the Principal may assume responsibility to undertake any of the actions delegated to another.

7. At College level the Principal delegates his/her responsibility to a Vice Principal for all actions that may be undertaken under the Code of Student Discipline, except approving expulsion of a student on the recommendation of a Student Disciplinary Committee or Fitness to Practise Committee.

8. At College level the Principal delegates his/her responsibility for organising an investigation into the alleged misconduct, which may involve undertaking a preliminary interview, to the Academic Secretary.
9. **At Departmental level** the Principal delegates his/her responsibility to heads of academic departments and schools for all authorised actions under the Code of Student Discipline for students in their department.

10. **At Departmental level (medicine and dentistry)** the Principal delegates his/her responsibility to the Dean of Education or designated individual in the School of Medicine and Dentistry for all authorised actions under the Code of Student Discipline for students in the School.

11. **At Central Services Department level** the responsibilities and authorities of the Head of a Central Services Department are those which are approved by the appropriate authority and detailed in the relevant regulations eg Halls of Residence Regulations, Library Regulations etc.

**Purpose of the Code of Student Discipline**

12. The purpose of this Code is to enable the College to fulfil its obligations relating to the care of, and responsibility for, staff and students, and the public, and to protect its reputation.

13. The Code aims to provide consistency across the College in the management of student conduct.

**General Principles Underlying the Code of Student Discipline**

14. The following principles apply to the operation of the Code of Student Discipline:

15. All aspects of this Code are to be consistent with the College's Equal Opportunities Policy.

16. Anyone who is accused of misconduct under the terms of this Code is presumed innocent until guilt is determined.

17. Students may be represented or accompanied by any person of their choosing. Normally, a maximum of two individuals are permitted to accompany a student at the meeting or hearing.

18. If the Principal, or a named officer, believes that a criminal offence has been committed s/he may refer the case to the Police (see paragraph X).

19. No person who has had any significant prior involvement in a given case will be involved in considering a complaint of misconduct under this Code.

20. Students are given notice in writing of allegations of misconduct made about them, and there are specified minimum timeframes after which the hearing can take place once notice of it has been given to allow the student time to prepare his/her defence.

21. Students receive a fair and impartial hearing.
22. All formal notices to students are made in writing. They may be handed to the student personally by a College officer; delivered to the student’s room in a hall of residence; sent by email or by the internal mail or by post.

23. If a student, having been given proper notice, fails to attend a meeting or hearing under this Code without a reasonable explanation, the meeting or hearing may proceed as planned. In the event that the student is, for reasonable reasons, not able to attend a meeting or hearing, it may be rearranged.

24. There will be a proportionate outcome to any complaint of misconduct that is proved.

25. A student against whom a complaint of misconduct is made may be subject to this Code even if it can be shown that the alleged misconduct is due to reasons of incapacity such as a serious emotional or psychiatric condition. In such cases the College will be mindful of its duty to make reasonable adjustments in order to mitigate the effects of any impairment.

26. The College publishes the outcomes of disciplinary proceedings to staff and students in a form which does not identify individual students. The student about whom the decision is made may also request that it be published within the College.

27. Students have the right to apply to the Office of the Independent Adjudicator for Higher Education when all stages of the College’s internal procedures are complete and a Completion of Procedures Letter issued.

**Definition of Misconduct**

28. In this Code, misconduct means the improper interference in any way with the proper functioning or activities of the College, or those who study or work at the College, or members of the public, or action which otherwise damages the College.

[f] Action causing, or likely to cause, injury or action impairing, or likely to impair, health and safety.

[h] Any breach of any College rule, regulation, policy or code of practice. A College rule, regulation, policy or code of practice includes, for this purpose, one which has been approved by the Council or the designated body.

[j] Theft of, damage to, or defacement of, College property or the property of staff or other students of the College, caused intentionally or recklessly.

[k] Vexatious or malicious complaints and making unsupported allegations about a member of staff, student or other member of the College.

- took place on College premises; or
- affected or concerned staff or other students of the College; or
- damages the good name of the College; or
- itself constitutes misconduct under the terms of the Code; or
• is an offence of dishonesty, where the student holds an office of responsibility in the College; or
• is such as to render the student unfit to remain a member of the College community or to practice a profession to which his/her course is designed to lead, or if repeated would pose a threat to staff or other students, or threaten the discipline and good order of the College.

[q] Conviction of an offence within the United Kingdom, or elsewhere if the conduct in question would have constituted an offence in the United Kingdom, where the conduct in question falls within any of the six provisions in paragraph [p] above.

**Relationship of the Code to Other Regulations, Policies and Procedures**

**Professional Capability and Fitness to Practise Regulations**

30. The College has a responsibility to ensure that those students who graduate from a primary medical or dental qualification are fit to practise. This responsibility extends to Foundation Year One (F1) Doctors. Students registered on programmes leading to a primary medical or dental qualification are subject both to the Code of Student Discipline and any other codes and policies that inform their professional conduct. Complaints of misconduct about students registered on such programmes may also give rise to concerns about a student’s fitness to practise and are reported to the Professional Capability Committee in all cases.

31. In applying the Code of Student Discipline, account is not taken of fitness to practise. The outcome is reported to the Professional Capability Committee which may wish to take appropriate action in its own right, including referral to the Fitness to Practise Committee. Where the misconduct has been proven through the Student Disciplinary Regulations, the Professional Capability Committee and/or Fitness to Practise Committee do not rehear the case but consider capability and fitness to practise in the light of the misconduct and outcome of the disciplinary procedures.

32. In all cases, actions taken under the Examination and Assessment Offences Regulations, where the offence is proven, are reported to the Professional Capability Committee.

**Regulations Governing Examination and Assessment Offences**

33. If a complaint of misconduct is solely concerned with alleged examination or assessment irregularities, the matter is normally dealt with under the Assessment Offences Regulations [see Academic Regulations]. Repeated and very serious breaches of these regulations may also be dealt with under this Code.

**Other College Regulations**

34. Allegations of breaches of other College regulations, for example Halls of Residence Regulations, Library Regulations and Computing Regulations, are
normally dealt with in accordance with those regulations. Repeated or more serious misconduct or breaches of these regulations may also be dealt with under this Code.

Students' Union Disciplinary Procedures

35. Complaints of misconduct in relation to Students’ Union affairs that fall within the remit of the Students' Union Disciplinary Procedures are dealt with by the Students' Union. The Students' Union may also refer complaints for consideration under this code where the misconduct is more serious.

Appeals

36. A student wishing to appeal against a decision resulting from the application of the Code of Student Discipline may do so using the College Appeal Regulations (CAR).

Burden and Standard of Proof

37. It is the responsibility of the College to establish that misconduct has occurred. The standard of proof required is the balance of probability: it is more likely than not that the alleged misconduct occurred.

Penalties for Misconduct

38. When determining the penalty to be applied consideration will be given to:
   
   [a] The seriousness of the misconduct.
   
   [b] The student’s previous disciplinary record.
   
   [c] The conduct of the student following the misconduct.
   
   [d] If the misconduct has been admitted.
   
   [e] Any mitigating factors as applicable

Suspension, Exclusion and Instruction Restricting Activity Pending Hearing

39. The College may suspend, exclude or instruct restriction of activity pending hearing for any student who is the subject of a complaint of misconduct or against whom a criminal charge is pending or who is the subject of a police investigation.

40. The Professional Capability and Fitness to Practise Regulations also provide for suspension, exclusion or instruction restricting activity pending hearing where one of these actions has not occurred under the Code of Student Discipline.
41. **Suspension** means the total prohibition on attendance at, or access to, the College and on any participation in College activities, but at the College’s absolute discretion it may be qualified for example to permit a student to attend an examination.

42. **Exclusion** means selective restriction on attendance at or access to the College or prohibition on exercising the functions or duties of any office or committee membership in the College or the Students’ Union. The precise nature of an exclusion order will be made to the student in writing.

43. **Instruction restricting activity** means a requirement that a student refrain from contact with a specified individual or undertaking a specific form of action. The precise nature of the instruction restricting activity will be made to the student in writing.

44. Suspension is only to be used where exclusion from specified activities or facilities would be inappropriate. Exclusion is only to be used where an instruction restricting activity would be inappropriate.

45. Suspension, exclusion or instruction restricting activity pending hearing are not penalties, and will not be used as such. Their purpose is to enable the College to exercise its duty of care to staff and students while an investigation takes place. The reasons for any decision to suspend or exclude a student will be recorded and will be made available to the student along with details about the length of the suspension/exclusion/restriction of activity.

46. A student who has been suspended, excluded or received an instruction restricting activity may make representations against the decision to the Principal who will respond in writing.

47. Where immediate suspension, exclusion or instruction restricting activity is necessary to preserve good order or to protect staff or students from harm, it may be imposed with immediate effect. In such cases, the student may make representations against the decision within five days of its notification.

48. A student may request a review of a suspension, exclusion or instruction restricting activity should new information come to light. In such circumstances, the student makes the request to the Vice Principal who will respond in writing.

**Authority to act**

49. **At College level** a Vice Principal has the authority to suspend, exclude or instruct a restriction of activity pending hearing.

50. **At College level** the Academic Secretary has the authority to exclude or instruct a restriction of activity pending hearing, following consultation with the Vice Principal.
51. **At Departmental level** a Head of Department\(^1\), or the Dean of Education has the authority to exclude a student from departmental facilities and activities or instruct a restriction of activity pending hearing.

52. **At Central Services Departmental Level** a Head of Department\(^2\), has the authority to exclude or instruct a restriction of activity pending hearing where this is provided for in the applicable regulations.

53. **For students registered for a primary medical or dental qualification** the Professional Capability Committee, or Chair acting on its behalf in urgent circumstances, has the authority to suspend, exclude, or instruct an activity pending hearing in the prescribed circumstances.

**Misconduct that is also a Criminal Offence**

54. The following procedures apply where the alleged misconduct would also constitute an offence under the criminal law if proved in court:

   [a] If the offence under the criminal law is judged to be less serious because it would not lead to a custodial sentence, the police do not wish to investigate it or the student does not wish to press criminal charges, action under this Code may continue, but at any time the Principal may defer such action pending police action or prosecution.

   [b] In the case of all other offences under the criminal law, no action (other than suspension, exclusion or instruction restricting activity) may be taken under this Code unless the matter has been reported to the police and either prosecuted, or a decision not to prosecute has been taken at which time the Vice Principal may decide whether disciplinary action under the Code of Student Discipline should continue or be taken.

   [c] If a student has been sentenced by a court in relation to the same matter, the penalty imposed by the court will be taken into consideration in determining a penalty under this Code.

55. When action is taken for misconduct, following conviction, the conviction will be taken as evidence that the misconduct has occurred, and will be open to challenge only to the extent that the student disputes that s/he was the person convicted.

56. The registration of a student who is convicted in a criminal court and sentenced to a term of imprisonment of one year or more will be terminated, and the student may be re-admitted only with the permission of the Principal.

84. The secretary to the Student Disciplinary Committee is the Academic Secretary, or nominee.

85. No person who has any close personal connections with the student due to appear before the Committee, or with the alleged misconduct, is eligible for appointment to the Committee.
86. The absence of one member of the Committee does not prevent the hearing taking place, or invalidate its outcome. The Chair of the Committee may, at any time between the initial appointments and the date of the hearing, appoint a replacement member, should any of the initial members be unable to attend the hearing.

**Student Disciplinary Committee Procedure**

87. The Student Disciplinary Committee (the Committee) meets as soon as reasonably practical to consider a complaint referred to it. This meeting is called a hearing.

89. The student is required to inform the secretary of any documents that s/he intends to present or refer to at the hearing and to provide copies of them at least five days before the date of the hearing. The Chair of the Committee may, at his/her discretion, allow the student additional time in which to produce documents for a hearing; there is no appeal against any refusal to allow such additional time.

90. The hearing is held in private.

91. The Chair of the Committee is responsible for the conduct of the hearing and does so in accordance with the process set out below and the provisions of this Code. His/her rulings on matters of procedure are final. The Chair of the Committee may take whatever action he/she feels is appropriate in order to ensure the availability of all relevant facts and to facilitate a fair hearing and outcome. Any matter relating to the hearing not covered by this Code will be decided by the Committee, whose decision will be final.

92. The process for the hearing is as follows:

[a] The student may be assisted or represented by any person or his/her choosing (normally up to a maximum of two).

[e] The student or his/her representative may call witnesses. The Academic Secretary and the Committee may question these witnesses. If the Academic Secretary or Committee questions the witness(es), the student or his/her representative may ask further questions.
[f] If a person is asked to appear as a witness, but is unwilling or unable for good reason, to attend a hearing, a written statement may be provided. Copies of any such statements are provided to the student.

[g] In circumstances where a witness is likely to be in distress, the Committee may permit the witness to be accompanied by any person, who will not participate in the proceedings in any way.

[h] The Academic Secretary and the Committee may question the student.

[i] The student or his/her representative may address the Committee.

[j] Any member of the Committee may question the Academic Secretary and the student.

93. Only the individuals party to the case and the Committee attend the hearing. The Committee, sitting alone, determines the outcome.

94. The student is notified of the outcome and decision, normally, within three days of the date of the hearing or final meeting with the student. This is put in writing within seven days. The letter will record the decision, the reasons for it and the student's right of appeal.

95. The Committee may either:

   [a] **Dismiss the complaint** of misconduct, in which case the matter is closed and no record is retained of the complaint.

   [b] **Decide that the complaint should not be subject to further action** under the Code of Student Discipline and, where considered appropriate, take informal action by way of caution or otherwise. In applicable cases, the outcome is reported to the Professional Capability Committee.

Approved

[Previously Ordinance D2 comprised entirely and exclusively the Code of Student Discipline, which was previously approved by Council in Dec 2003 for implementation from December 2003.]

Equality Impact Assessment

Is there any aspect of the policy, procedure or practice that is likely to have an adverse affect on any students from the protected equality groups (age, race/ethnicity, gender/sex, disability, sexual orientation or religion and belief)? No, the regulations are intended to be applied to all students equally. The regulations will enable the College to promote a positive environment for all students by providing a mechanism for dealing with instances of harassment should they arise. Students with disabilities may require specific support to access the Code of Student Discipline or when involved in disciplinary procedures.

What mechanisms are in place to monitor the application of this policy across students from all protected equality groups? An annual report is produced which provides summary statistics on demographic information about students (gender, age, ethnicity, department) subject to action under these regulations. This will enable the College to identify any trends in its application.

Can the above differences be justified? Not applicable as there are no differences.

How does the policy support the student experience and the College’s management of its academic standards? The policy supports the student experience by enabling misconduct to be dealt with in an appropriate manner and promoting good conduct on campus.

How is this policy helping to:

[a] Raise achievement levels and promote equality of opportunity?
[b] Promote dignity, courtesy and respect within study?
[c] Prevent or deal with discrimination?
(if not applicable, please explain why)

The Code of Student Discipline enables the College to address potential barriers to achievement and/or equality of opportunity and promotes dignity, courtesy and respect within the College by providing a structured process by which allegations of misconduct by students can be dealt with. In many cases, experience has shown that the nature of the misconduct, if not addressed by the College, has the potential to impact negatively on this.
