General Provision

2. Background

- 2.1 QMUL was established by Act of Parliament and by the granting of a Royal Charter in 1989, following the merger of Queen Mary College (incorporated by charter in 1934) and Westfield College (incorporated in 1933).
- 2.2 The Charter has been revised on a number of occasions:
 - 1995 - to reflect the merger of QMUL with Barts and the London School of Medicine and Dentistry
 - 2008 - following QMUL's successful application to the Privy Council for Degree Awarding Powers
 - July 2010 - following a governance review and resultant revocation of the Statutes
 - April 2013 – the organisation's name changed from Queen Mary and Westfield College, University of London to Queen Mary University of London

~~2.3 Queen Mary University of London is hereafter known as 'QMUL'.~~

~~2.4~~2.3 Its structure of governance is laid down in the instruments of its incorporation, namely the Charter as interpreted by the Ordinances of QMUL.

~~2.5~~2.4 The Charter establishes QMUL's Council as the governing body, responsible for the management and administration of the university.

~~2.6~~2.5 The Charter can only be amended by the Privy Council.

~~2.7~~2.6 The Ordinances are the procedural rules which set out, in detail, how QMUL should conduct its business.

~~2.8~~2.7 The Council of QMUL is empowered to make amendments to the Ordinances.

3. Legislation

3.1 QMUL is an exempt charity by virtue of the Charities Act ~~2006~~2011 (which replaced the Charities Act ~~1993~~2006).

~~3.2~~ ~~From 1 June 2010, the exempt charity regulation provisions of the Charities Act 2006 came into effect for higher education institutions, whom are now subject to the regulatory powers of the Charity Commission.~~

~~3.3~~3.2 ~~On that date,~~ HEFCE ~~became~~is the principal regulator of higher education institutions that are exempt charities. All principal regulators have a duty to promote compliance with charity law by the exempt charities for which they are responsible. This will require regular monitoring, including liaison with the Charity Commission on any complex issues.

~~3.4~~3.3 Under the Universities of London Act 1994, as a member of the University of London, QMUL operates within the Federal statutory framework of the University of London's Statutes, Ordinances and Regulations which were revised in 200817, following a review of the University of London. (See Appendix B for link to website).

4. Memorandum of Assurance and Accountability with the Funding Council (HEFCE)

4.1 The Memorandum of Assurance and Accountability between the Higher Education Funding Council for England (HEFCE) and QMUL sets out the terms and conditions on which funding grants are made.

4.2 QMUL's Council is responsible for ensuring the conditions of the grant are met.

4.3 As part of this process QMUL must adhere to HEFCE's Audit Code of Practice (Annex A of the Memorandum of Assurance and Accountability between HEFCE and Institutions) which requires it to have sound systems of financial and management control. The Funding Council may withhold payment of the funding grant where this cannot be shown to be the case. The Financial Regulations of QMUL form part of the overall system of accountability.

5. Status of the Financial Regulations

5.1 The Financial Regulations apply to all activities of QMUL.

5.2 The Financial Regulations are subordinate to QMUL's Charter and to any restrictions imposed by the HEFCE Memorandum of Assurance and

Accountability and audit code of practice.

- 5.3 The purpose of these Financial Regulations is to provide control over the totality of QMUL's resources and to provide management with assurances that the resources are being properly applied with the aim of achieving the goals of QMUL's Strategic Plan.
- 5.4 Compliance with the Financial Regulations is compulsory for all staff connected with QMUL.
- 5.5 Failure to comply with the Financial Regulations will result in disciplinary action under QMUL's disciplinary procedures. Any such breaches will be notified to Council through QMUL's Audit and Risk Committee.
- 5.6 Heads of Schools/Institutes and Directors of Professional Service departments are responsible for ensuring that their staff are made aware of the existence and content of QMUL's Financial Regulations.

Delegation of Financial Authority Regulations

1. Introduction

- 1.1 In accordance with the Financial Regulations of Queen Mary University of London (QMUL), the Council must approve all financial authority levels that commits QMUL to incur cost, whether Capital Expenditure, Revenue Expenditure or Contract Expenditure regardless of the source of funding.
- 1.2 QMUL Council approves the Budget and Capital Programme which sets expenditure limits for each area of activity and capital project. Authority to enter into financial commitments in accordance with the Budget and Capital Programme is delegated to the Executive and Officers as set out in this Scheme of Delegation of Financial Authority. In exercising this delegated authority, budget holders are required to observe QMUL's financial procedures.
- 1.3 The monetary values in the Scheme of Delegation of Financial Authority are to be reviewed by the Finance and Investment Committee every year and any changes recommended to Council.
- 1.4 QMUL's Delegation Framework can be found on the Governance and Management section of the Intranet. The Delegation Framework sets out the location of authority within QMUL for particular types of decision made in the institution's name and on its behalf.
- 1.5 Lines of delegation are either through the line management hierarchy or operate through functional relationships where there is a senior lead for a key strategic theme, and through associated roles at different levels within QMUL.
- 1.6 The Memorandum of Assurance and Accountability with HEFCE sets out particular areas of responsibility for governing bodies. Under the terms of the Memorandum of Assurance and Accountability, the President and Principal is designated QMUL's Accountable Officer.
- 1.7 Queen Mary Senior Executive (QMSE) undertakes regular reviews of the financial position of QMUL and adjusts activities accordingly.
- 1.8 The Vice-Principals, the Chief Operating Officer, the Chief Strategy Officer and the Directors of Professional Services are responsible to the Council, through the President and Principal for the financial management of their respective areas, in accordance with the Financial Regulations.
- 1.9 The Director of Finance is responsible through the Chief Operating Officer for the financial management of QMUL.
- 1.10 Individuals and bodies in whom authority is vested by the delegation framework may sub-delegate to others provided that such sub-delegation is consistent with the financial and other regulations (refer to section 4.6). While authority and responsibility can be delegated, the accountability remains with the individual or body making the delegation.
- 1.11 Where sub-delegation occurs and there is further delegation, it should take place on the basis of a cascade. That is, the person with authority delegates it to the next

person who may then delegate to another and so on. Sub-delegation should not skip management tiers in the interests of clarity of responsibility and ensuring that individuals remain accountable even when others further along the chain are performing the task. A written record should be made of sub-delegations. This may include an email instructing the sub-delegation from the authorised person to another.

- 1.12 Heads of Schools/Institutes and Directors of Professional Services are responsible for procuring the goods and services they require within their defined budgets. Purchasing authority may be delegated to designated budget holders within a department. In exercising this delegated authority, budget holders are required to observe QMUL's Financial Regulations.
- 1.13 Heads of Schools/Institutes and Directors of Professional Services and their delegated budget holders are only authorised to commit QMUL to any expenditure after ensuring that sufficient funds are available to meet the purchase cost of goods and services.
- 1.14 Nobody is permitted to make a non-pay financial commitment for longer than 12 months without the prior approval of the Director of Finance.
- 1.15 All procurement must be undertaken in accordance with the Procurement Procedures set out in the Procurement section of the Finance intranet. This also shows the procedures for tendering.
- 1.16 The financial limits that apply are to the project/contract as a whole, even though the procurement may be in phases and over a period of time. In other words, splitting of orders or contract commitments to avoid approval at a higher level is strictly prohibited and will be considered a breach of Financial Regulations.
- 1.17 All financial limits are inclusive of VAT unless stated otherwise.

2. Principles

- 2.1 The following principles underpin the Scheme of Delegation of Financial Authority and all decisions taken under the delegation of authority framework:
 - The decision should be consistent with QMUL's aims and objectives.
 - The person to whom the authority has been delegated should only make decisions within his/her area of responsibility. That is, one academic or service unit should not take a decision that commits another academic or service unit without their consent.
 - Delegated authority should be linked to budget management and all budget holders responsible for a budget should have an approval limit.
 - Delegated authority should relate to – revenue costs, capital expenditure and research expenditure.
 - In the case of self-approval, which only relates to Agresso purchase orders up to a value of £100, the requisitioner must have been given responsibility for spending part of the budget.
 - Decisions should not be taken unless relevant documentation has been reviewed in line with QMUL policies and procedures (including the Financial Regulations) and, where necessary, external legal advice has been sought.
 - Where a third party has provided funding, decisions should only be taken once any required approval from the third party has been obtained.
 - Approved documentation must be produced and a record of the decision made available, in keeping with QMUL's policy on the retention of records, which can be accessed via QMUL's intranet.

- The approval limit delegated to the President and Principal, Chief Operating Officer, Director of Finance covers the need for approval of high value Purchase Orders and requires joint approval.

2.2 Decisions which require a financial commitment should observe the following additional principles:

- The approval of the relevant budget holder or their nominee should always be obtained.
- The decision should demonstrate that value for money considerations have been taken into account.
- Approvers must be assigned to their relevant cost centres and should only approve expenditure for the cost centres / budget codes they are responsible for.
- IT Services and Estates are responsible for any IT or Estates related expenditure, respectively. Faculties and other Professional Service departments should not commit expenditure related to IT or Estates.
- Expense claims must be approved by the Line Manager or relevant budget holder (where these are different) in line with the QMUL Travel and Expenses Policy.
- All Purchasing cardholders must have a delegated approval limit assigned to them.
- All finance leases require the approval of the Director of Finance.

Framework of Delegated Financial Authority

3. Procurement Authority Limits

3.1 All purchasing must be conducted in line with the Procurement Procedures which can be found on the Procurement intranet.

3.2 QMUL, having taken advice from Queen’s Counsel, reviewed its governance and income as stated in its audited financial statements for the year ended 31 July 2013 and determined that it is not a contracting authority for the purposes of EU public procurement regime as implemented by the Public Contracts Regulations 2006 (as amended) . This position will be reviewed on an annual basis and has been re-confirmed based on the financial statements for 31 July 2015. For avoidance of doubt, all spending requirements that have a cost of more than £~~5~~30,000 must be conducted via the Procurement Department in line with the procedures referred to in 3.1 above.

3.3 The Procurement Procedures also refer to the following:

| | |
|-----------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| Items where the cost is less than £ 10 5,000 | No need to involve Procurement, <u>but 2 quotes must be obtained for comparison and to demonstrate Value for Money</u> |
| Items costing between £ 10 5,000 and £ 3 50,000 | Three quotes must be obtained |
| Items where the cost is more than £ 3 50,000 | Contact Procurement department |

4. Non Pay and Contract Expenditure

- 4.1 Some contracts may require the President and Principal, Secretary to the Council and Academic Secretary, the Chief Operating Officer, ~~Chief Strategy Officer~~ or the Director of Finance to sign on behalf of QMUL.
- 4.2 Unless stated elsewhere in this document, and in the absence of a contractual requirement as above, the approval limits in the table below are for purchase orders, payment of non-pay or contract expenditure invoices and other payment documents (e.g. expense claims).
- 4.4 For Agresso related purchase orders up to £1m, the purchase order will go through all earlier approvals, with final sign off by the President and Principal, Chief Operating Officer or Director of Finance. Orders over £1m will then require an additional second signatory from one of the three post holders.
- 4.5 Approval limits should be allocated within one of the maximum ranges shown in the table below. The roles shown in the table are a guide.
- 4.6 Self-approval only relates to the Agresso purchase orders and is based on a maximum of £100 per purchase order total.

| Maximum Approval Limit | Role |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| £1,000,000 plus | Requires additional approval from either – President and Principal, Chief Operating Officer & Director of Finance. |

| Up to £100 | Self-approval for Agresso orders only – per Purchase order total |

- 4.7 In the event an approver being absent, the substitute for the period of absence would ordinarily escalate to the approver with a higher approval authority within the chain of escalation or to a peer. In the event of the absence of the Head of School a nominated alternate from within the school is permitted, provided that this individual ordinarily assumes responsibility for the school during the Head of Schools absence. The Head of School should confirm this nominee.

5. Purchasing Cards

- 5.1 The use of Purchasing Cards is preferred for small value expenses as it is a controlled, efficient method of paying expenses with a clear audit trail. The regulations covering the use of Purchasing Cards are shown on the Procurement website.
- 5.2 The maximum limits on the use of Purchasing Cards are as follows, specific limits to be determined on each card based on operational requirement:

| Role/operational requirement | Maximum individual transaction limit, | Maximum monthly spend |

- 6.2 This covers all construction and improvements which increase the value and useful economic life of a building, major equipment purchases, software, and expenditure related to research, consultancy and other areas of knowledge transfer.
- 6.3 The Capital Budget is prepared annually which incorporates all planned spend on land, buildings and equipment. This is formally approved by QMSE; Finance and Investment Committee and Council. Responsibility for ensuring spend is in line with the approved Capital Budget is delegated to the relevant QMSE lead overseen by either the Estates Strategy Board ([ESB](#)) or the Information [Technology](#) Strategy [Technology](#) Board ([ITSB](#)).
- 6.4 Proposals for Capital Expenditure that arise outside the annual Capital Budgeting cycle relating to the acquisition; construction or disposal of land; buildings or equipment require Finance and Investment Committee approval up to the value of £1m and further approval from Council for expenditure in excess of £1m.

6.5 A full business case will be prepared for all projects valued in excess of £2m for consideration by the ESB or ITSB and QMSE, and by Finance and Investment Committee and Council for projects in excess of £5m, including projects that are initially valued below this amount and are subsequently expanded.
